RUBINETTI PROGETTATI E FABBRICATI al 100% IN ITALIA dalla RUBINETTERIA LA TORRE SpA

Il sottoscritto Dott. Massimo Latorraca, legale rappresentante della rubinetteria La Torre SpA, con sede legale ed operativa in via Altovergante, 33 INVORIO (NO) ITALIA, sotto sua piena e totale responsabilità,

FORMALMENTE DICHIARA E CONFERMA che:

- l'azienda La Torre SpA **è un vera azienda di produzione**, con una propria capacità di ricerca e sviluppo, progettazione, fabbricazione, collaudo, vendita ed assistenza post-vendita certificata sin dal 2001 con il sistema di **qualità ISO-9001:2000** dal prestigioso ente tedesco TUV.
- l'azienda La Torre SpA è un autentico esponente del "Made in Italy", orgogliosa di rappresentare in Italia e nel mondo, con le proprie esportazioni, il prestigio dell'industria italiana con **una tradizione** nella produzione di rubinetti **risalente al 1921!**
- l'azienda si caratterizza per un'elevata etica del lavoro e del **rispetto dell'ambiente** certificata anch'essa dal TUV sin dal 2001 con il sistema di **qualità ambientale ISO 14001:2004**: primi in Italia nella nostra categoria!
- **le materie prime** utilizzate nella produzione rispondono alle **certificazioni internazionali** più severe sotto il profilo della tutela e della sicurezza del consumatore: la rubinetteria è fornita e certificata secondo le rigide regole americane **NSF 61 (piombo a zero!)**
- i prodotti dell'azienda presentano elevati standard di innovazione, design e qualità
- chi compra i prodotti originali dell'azienda è tutelato dai fenomeni di contraffazione che penalizzano il "Made in Italy" e danneggiano il consumatore: **marchio d'azienda e brevetti di modelli ornamentali depositati in tutto il mondo!**

100%TAPS ENGINEERED AND PRODUCED IN ITALY by RUBINETTERIA LA TORRE SpA

The undersigning Massimo Latorraca, president and legal representative of the Co LA TORRE located in INVORIO (NO) ITALIA, Altovergante, 33

DECLARES UNDER HIS OWN RESPONSIBILITY THE FOLLOWING:

- **the Co La torre is a real production Co**, a manufacturing reality with its own internal engineering and research capacity, production and testing processes, distribution and after sale service all certified since 2001 by the prestigious German institute TUV
- Co Lt is a **true representative of "Made in Italy"** proud of exporting worldwide the products of the prestigious Italian industry and with a personal **production history starting back in 1921**
- the Co production process is always **ethically correct and respectful of the environment**, so much so that in 2001 the Company was the first to apply for and obtain the special **environmental quality certification (ISO 14001:2004)** that is a warranty that really all La Torre production phases, including the chrome plating done in its plant, have no negative effect to the environment.
- **raw material** used by the Co are all made and composed **according** to the most demanding international rules aimed at protecting the **consumer's health**. La torre products meet the requirements of the American **rule NSF 61** regarding the lead released from the fitting that has to be completely absent!
- LT's products respond to high **standards of innovation**, quality and design
- by choosing the original products of the Co the user is safe from any of the counterfeiting frequent episodes that so much damage the image of "made in Italy" and cheat the consumers.
LA TORRE brand is registered worldwide and most of the LT models have international patent.

Abbiamo una lunga tradizione nell'export, vendiamo da sempre in molti stati di ogni continente e abbiamo acquisito negli anni grande conoscenza delle normative, esigenze e particolarità dei diversi paesi.

Competenze tecniche e commerciali consolidate e flessibilità manageriale ci permettono di essere presenti su tutti i mercati con soluzioni adeguate.

We have a long tradition in export, we have been selling our products in many Countries of the world and have acquired a certain knowledge of the rules, requirements and peculiarities of many different world areas.

All this combined with our technical know-how and our flexibility enable us to have the right product and solutions for many and different Markets

INFORMAZIONI TECNICHE

CONTAMINAZIONE DA PIOMBO

Gli ottoni anche a basso contenuto di piombo, largamente usati nella fabbricazione di valvole e rubinetti, contaminano l'acqua potabile come illustrato dai risultati di studi riportati nella figura 1.

Il piombo è un contaminante che si accumula nell'organismo e manifesta la sua tossicità già da concentrazioni minime di 80-100 microgrammi/litro nel sangue.

È particolarmente pericoloso per i bambini a cui viene compromesso lo sviluppo psico-fisico.

Per queste ragioni le normative dei vari paesi riguardo all'acqua potabile stanno allineando i valori massimi di piombo ammessi al livello consigliato dall'Organizzazione Mondiale della Sanità di 10 microgrammi/litro.

IL PROCESSO RUVECO

BREVETTO USA N°6.284.053

Il Processo Ruveco permette di eliminare in maniera semplice, efficace ed economica il piombo dalla superficie dell'ottone.

I prodotti trattati con questo processo rispettano pienamente le nuove normative sul rilascio del piombo nell'acqua potabile.

Con il Processo RUVECO il rilascio di piombo dei prodotti trattati è risultato sempre inferiore ai 10 microgrammi/litro consigliati dall'OMS (Organizzazione Mondiale della Sanità) rispettando le normative in vigore come l'americana NSF61 e la californiana "Proposition 65 Lead Standard" (fig2).

THE CONTAMINATION BY LEAD

Brass currently used to produce taps and valves, contains a certain % of lead which contaminates drinking water, as clearly demonstrated by several studies (see diagram below).

Lead accumulates in the human body and its toxicity becomes evident also at very low concentration in the blood: 80-100 µg/l. It is particularly dangerous for children whose psycho-physical growth can be affected.

For these reasons the standards in various Countries have been modified or are under revision, to set the maximum level of lead content in drinking water to the values recommended by WHO (World Health Organization) 10 µg/l.

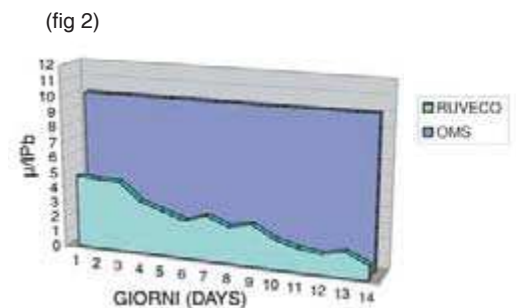

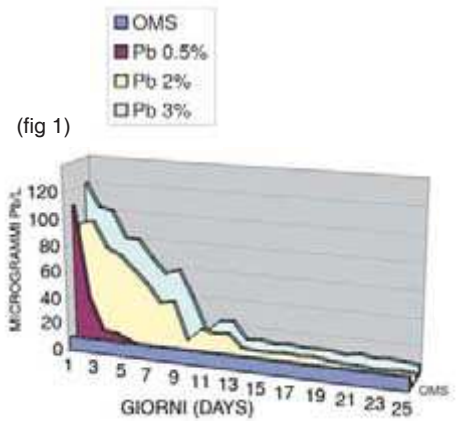

THE PROCESS RUVECO

UNITED STATES PATENT N°6.284.053

The RUVECO Process inhibits lead release from brass to water in a simple, effective and economic way.

The products treated by this process fulfill entirely the requirements of the new standards concerning the contamination of lead in drinking water.

With the RUVECO Process the resulting lead release of treated products is always lower than 10 µg/l respecting suggested standards by WHO (World Health Organization) (fig2).

TAYA

La semplicità prende corpo in questa collezione dove la pulizia delle forme pure non viene intaccata, ma lasciata libera di esprimersi nella sua essenzialità. Forma e funzione erogano acqua, diventando esemplificazione di una nuova cultura del bagno, quella in cui l'equilibrio ridotto al minimo è sinonimo di eleganza.

Simplicity and essential elegance given by the untouched purity of the shape. Testifying the modern taste of equilibrium and harmony rooted in the antique and deep concepts of eastern cultures

WoDa

WoDa è un progetto che rilegge i dettagli classici delle rubinetterie per traghettarli nella contemporaneità. Un oggetto sobrio e familiare che trova il suo carattere nei giochi chiaroscurali che lo definiscono. Lo sguardo sull'oggetto è quindi il risultato di una padronanza della forma, espressa attraverso la calibratura dei dettagli progettuali.

WoDa is a project intended to re-interpret some typical features of single lever classics and give them contemporary appeal. Essential and familiar, this line gives the confidence of design made to last. Shades and proportions carefully studied for a perfectly balanced result.

Il profilo di questa linea gioca sui contrasti fra il corpo solido e la bocca in aggettante, creando un disegno deciso che utilizza la leggerezza come metafora dello sgorgare. La bocca, infatti, sottile come un'onda leggermente increspata, eroga acqua in un continuo fra oggetto e funzione. La stessa leva richiama la leggera incurvatura, creando un coordinato dalla pura eleganza.

The profile of this line plays with the contrast between a strong, pillar body and a vault-like, suspended spout, a precise and linear design to give the idea of springing forward with lightness. The shape of the spout, like a rising wing or a gently growing wave, creates a continuity between the object and its function. The slightly curved lever completes the elegant co-ordination of the all line.

ITALIA 150

Vedere lo sgorgare dell'acqua direttamente dal corpo come in una sorgente è uno spettacolo che si materializza ogni volta si usi questo erogatore. Dalle linee volutamente semplici e pulite lascia tutta la sua espressività a questo effetto ottenuto unendo solido e liquido. L'uso e la forma si sposano creando un continuo fra linee e volumi che fanno del design l'espressione della tecnica made in Italy.

A line of simple and clean design with an accurate combination of tracts and volumes typical of the made in Italy style. The special accent and plus of this collection is the possibility to enjoy the evocative sight of water flowing through the spout as a natural element in a natural environment.

STUDIO

Linee morbide e funzionalità per un erogatore d'acqua in grado di fare proprio qualsiasi luogo abitativo. Il profilo lineare segue il disegno generale per sposarsi con la leva in un unico coordinato e aperto a ogni interpretazione progettuale. Un must di carattere in tutte le sue varianti, in grado di rendere distintivo ciascun spazio bagno.

Smooth lines and high functionality for a faucet that can be the right choice for just about any bathroom. Body and lever designed together as a unit. A project with the successful result of an element with character but open to various and personalised interpretations.

OVALINE

Tubi ovali si incrociano per dare vita a questa collezione morbida e sfuggente. L'impatto visivo viene così attenuato nei giochi di riflessi creati dalle linee convesse, mentre la leva, volutamente minimale, si stacca dall'insieme per evidenziare la sua funzionalità attraverso una sovrapposizione formale, caratterizzando l'intera linea. Il classico disegno a croce delle maniglie viene reinterpretato nella contemporaneità, un segno in grado di identificare l'uso e di personalizzare un ambiente.

Perpendicular intersection of oval pipes to create a curving line of minimal taste and inspiration. The reflections of the elliptical surfaces combined with a neat, functional top lever are a peculiarity of this line. The classic must of the cross-handle mixer in modern and elegant restyling.

JAVA

Flessibili come nastri le bocche di erogazione dell'acqua caratterizzano questa collezione pensata per inserirsi in progetti dal temperamento contemporaneo. I giochi dei volumi dagli angoli smussati e le bocche a nastro costruiscono così micro architetture per il piacere nella zona bagno. Il buon gusto nel gioco dei volumi si allea a praticità e funzionalità.

Spouts like strips for this collection designed for contemporary combinations, a re-interpretation of the square body makes it original and gentler. And a tasteful combination of different volumes adds to the great variety of models, alternatives and possibilities within the range.

DADO

La rigidità della sezione quadrata è ammorbidita attraverso l'arrotondamento degli angoli, senza perdere l'austerità formale tipica dei progetti minimali. Il rigore viene interpretato in questa collezione attraverso piccoli dettagli, come la canna leggermente più stretta del corpo e l'asta della leva: gli autentici fulcri su cui sono stati modellati questi oggetti al passo coi tempi.

A personal touch for a square line where the austerity of cubes is kind of re-invented in an almost playful way with body spouts lever reproducing the shape with different sections.

KONVEX

Un restringimento nel corpo centrale rende sinuosa questa linea, un richiamo alle immagini ammiccanti del design degli anni '50 diventa così contemporaneo, in quanto è segno grafico e progettuale capace di identificare il tutto. Una particolarità ancora più evidente nel disegno della leva e della bocca che, attraverso il taglio in diagonale, rileggono i segni di un passato ancora presente.

A shape that sinuously recalls designs of the 50s without losing it contemporary touch. Spout and lever with a diagonal cut to emphasize and enhance the typical traits of this collection.

TOWERTECH

Le linee della modernità si esprimono in questo nuovo classico degli erogatori dell'acqua. L'incrocio della forma cilindrica riesce ad esprimere la pulizia formale che può raggiungere un oggetto tecnico attraverso una forma libera e capace di inserirsi in tutte le ambientazioni di interni, diventando esso stesso parte di uno stile.

The new "classic" of water mixers, cylindrical and simple, with a curving-down spout like the original water pumps. A technical object that has become an icon of style in itself. The starting point of all further minimalist developments.

GIRO

L'erogatore d'acqua tubolare è una delle sfide più difficili nel panorama del disegno industriale, poiché nella semplicità deve esprimere la differenza, l'unicità, senza scadere nella banalità. Questa linea riesce appieno in questo intento, facendo della semplicità un baluardo di stile, grazie all'attenzione posta sull'insieme senza mai eccedere, diventando un prodotto senza tempo.

A compact, modern and essential cylindrical line. Initially conceived as a line responding to the market need for a modern line with reduced dimension and refined aesthetic, Giro has become a much appreciated line.

METRÒ

Corpo e bocca si fondono per diventare un unico morbido pezzo. Un volume ininterrotto che gioca sulle degradazioni chiaroscurali date dalla sua forma levigata. La leva ergonomica si restringe verso l'estremità, ricreando la forma a goccia metafora dell'elemento liquido. In questo caso la modernità diventa il naturale proseguimento della tradizione nella zona bagno.

A linear, modern item with perfect matching of body and lever to create an harmonized whole with smoothed edges, an ergonomic shape and a natural evolution of the evergreen single lever mixer.

MAXIMA

Un elemento capace di unire in sé tutta l'esperienza nella produzione di erogatori d'acqua, grazie alla sua forma ormai consolidata nel tempo. Un oggetto che sa far dialogare tutte le possibilità formali di un bagno contemporaneo, sapendosi elegantemente adattare ad ogni contesto rendendolo moderno e funzionale.

A real classic with a plus in its imposing size. For a master bathroom of modern but soft character this is the perfect choice for a timeless atmosphere.

NEWPRO

La semplicità prende corpo in questa collezione dove la pulizia delle forme pure non viene intaccata, ma lasciata libera di esprimersi nella sua essenzialità. Forma e funzione erogano acqua, diventando esemplificazione di una nuova cultura del bagno, quella in cui l'equilibrio ridotto al minimo è sinonimo di eleganza.

Simplicity and essential elegance given by the untouched purity of the shape. Testifying the modern taste of equilibrium and harmony rooted in the antique and deep concepts of eastern cultures

CONDIZIONI GENERALI DI VENDITA

Con la trasmissione dell'ordine il cliente accetta tutte le condizioni di vendita riportate di seguito:

ORDINI:

L'ordine è vincolante per il cliente ed impegna la rubinetteria LA TORRE solo dopo espressa accettazione. Non possono essere effettuati annullamenti senza l'accordo scritto di LT spa, che si riserva comunque il diritto di applicare oneri e spese che ne possano derivare.

CONSEGNE:

I tempi di consegna eventualmente pattuiti non sono vincolanti e si intendono salvo imprevisti. In nessun caso, comunque, possono dare luogo a indennizzo o risarcimento alcuno da parte di LT spa.

PREZZI:

I prezzi del listino non comprendono l'IVA e possono essere soggetti a variazioni senza preavviso. Salvo accordi contrari si intendono per merce resa presso il nostro stabilimento a Invorio (No) e con imballaggio gratuito, a meno che venga richiesto un imballaggio personalizzato dal cliente per il quale sono previsti accordi specifici. La merce è venduta al prezzo in vigore al momento dell'ordine.

PAGAMENTI:

I pagamenti devono essere effettuati alla La Torre spa nei termini pattuiti. Trascorsi i termini pattuiti la LT spa provvederà agli addebiti degli interessi di mora che decorreranno dal giorno immediatamente successivo alla data di scadenza del debito. Detti interessi verranno calcolati come previsto dal decreto 1224 c.c. il mancato rispetto dei termini di pagamento pattuiti può comportare a discrezione dell'azienda la sospensione delle ulteriori forniture in corso anche se già accettate. Qualunque contestazione non autorizza il cliente a sospendere il pagamento.

DATI DEL CLIENTE:

Il cliente è responsabile della comunicazione dei propri dati fiscali a noi forniti in base alla legislazione vigente.

RECLAMI:

La merce viaggia sempre a rischio e pericolo dell'acquirente anche quando venduta franco destino. L'acquirente è tenuto alla verifica del materiale ordinato al momento del ricevimento. Qualsiasi reclamo dovuto a ritardi o danneggiamenti del materiale causato dal trasporto deve essere fatto al vettore al momento della consegna. Ogni reclamo dovrà essere inoltrato a mezzo lettera raccomandata entro 8 (otto) giorni dalla data di ricevimento della merce.

RESPONSABILITA' E RESTITUZIONI:

Non si accettano merci di ritorno se non rese in Porto Franco e autorizzate preventivamente da LT spa. Solo il materiale da noi riscontrato difettoso sarà sostituito gratuitamente senza nessun altro indennizzo per danni, spese o riparazioni. LT spa non si assume nessuna responsabilità per qualunque problema o malfunzionamento causato da manomissione dei prodotti, errata o impropria installazione o applicazione e in ogni caso in cui non vengano rispettate le indicazioni e le raccomandazioni riportate nelle istruzioni di montaggio e manutenzione incluse nelle scatole. I danni eventualmente provocati nelle circostanze suddette non vengono in alcun modo risarciti. Solo in caso di danni provocati da vizio di prodotto o dimostrato difetto di produzione possono essere contestati alla LT spa.

GIURISDIZIONE E LEGGE APPLICABILE:

Le forniture sono soggette alla legge italiana. Per qualunque controversia è riconosciuta la sola ed esclusiva competenza del foro di Verbania.

CATALOGHI E LISTINI:

LT spa si riserva in qualunque momento di modificare e/o sopprimere gli articoli raffigurati nei cataloghi e nei listini. Dati, misure, o schemi sui cataloghi e listini hanno solo carattere informativo e non sono vincolanti. E' nostra prerogativa modificare le caratteristiche tecniche e costruttive dei prodotti, per garantire e migliorare funzionalità ed estetica.

GENERAL TERMS OF SALE

When submitting orders customers accepts the conditions listed below.

ORDERS:

Orders are binding for the customers placing them and will oblige LT spa after acceptance and confirmation of the same. No cancellations of orders are accepted unless priorly agreed and accepted by LT spa. Costs or expenses that might consequently arise could be charged.

DELIVERY:

Agreed delivery terms are provisions based on experience but are not mandatory. Unexpected delivery delays due to production issues are not imputable to LT spa. And delays do not give right to any sort of indemnity, fine, nor re-founding.

PRICES:

Prices shown on price-lists do not include VAT (taxes) and La Torre spa reserves the right to modify or update prices whenever needed. Unless otherwise agreed in writing, our goods are delivered EX WORKS, including La Torre standard packing. Customized packaging is subject to separate agreements of the parts. The items are sold at the price valid at the moment of the order.

PAYMENTS:

Invoices must be settled within the agreed terms. In case of protracted and/or repeated delays in payments, LT will require payment of interests calculated from the day following the due date. Interests will be calculated according to the government decree 1224 c.c. Delays in payments can induce La Torre spa to stop further deliveries even of orders already confirmed. Claims do not give right to stop payments.

CUSTOMERS' DETAILS:

Customer is responsible for the correct transmission of their Company details and tax registration data according to the law.

CLAIMS:

Goods travels at risk of the buyer. The recipient is responsible for checking the ordered items upon delivery. Any claim related to delays in transport, damages imputable to inaccurate transport and improper handling of the goods must be notified in written to the transport Co. Any claim must be notified to La Torre anyway within 8 days from the receipt of the goods.

RESPONSIBILITIES AND RETURNS:

Returns must be previously agreed upon and confirmed by La Torre. All return must be at the buyer's charge unless otherwise agreed. In case the returned items and/or components will be found defective for a cause imputable to La Torre, we will replace the item/component FOC, without any further compensation nor any refunding of expenses involved in the replacement operations. La Torre Spa shall not be held responsible for any problem or damage or malfunction due to wrong, improper or inadequate installation or use, nor in any case the installation and maintenance instruction included in the boxes will be neglected or unattended. Damages and problems arising under the above circumstances cannot be imputed to La Torre Spa who will answer only for issues caused by defect of production.

APPLICABLE JURISDICTION:

Our sales are subject to the Italian law. Any controversy will be under competence of the Court in Verbania (Italy).

CATALOGUES AND PRICE LISTS:

La Torre Spa has the right to modify or remove items shown in the price books or catalogues any time this will be necessary for technical, commercial or economic reasons.

Technical drawings and dimensions in catalogues and price books are to be considered only as general indications. Technical sheets with correct and precise specifications of the products can be provided on request.

It is a prerogative of La Torre Spa to modify products to improve functionality and/or aesthetics.

ALLGEMEINE VERKAUFSBEDINGUNGEN

Mit einer Bestellung werden unsere allgemeinen Verkaufsbedingungen vom Kunden akzeptiert.

BESTELLUNG:

Bestellungen sind für den Kunden bindend und müssen durch LT Spa nach Prüfung und Bestätigung ausgeführt werden. Stornierungen können nicht angenommen werden, wenn sie nicht vorher mit LT Spa abgesprochen und genehmigt wurden. Kosten und Auslagen die sich aus einer Stornierung ergeben könnten, werden dem Kunden in Rechnung gestellt.

LIEFERUNG:

Die Lieferbestimmungen sind Vorgaben, die auf einem langjährigen Erfahrungsschatz beruhen. Sie können jedoch auf persönlichen Wunsch individuell verändert werden. Für Lieferverzögerungen die auf Herstellungsschwierigkeiten beruhen übernimmt LT Spa keine Verantwortung. Etwaige Verzögerungen begründen keinen Anspruch auf Entschädigung, Vertragsstrafen oder Vertragsänderungen.

KAUFPREIS:

Die auf den Preislisten ausgezeichneten Preise beinhalten keine Steuern. Weiterhin behält sich La Torre Spa das Recht vor, die ausgezeichneten Preise bei Bedarf zu verändern oder anzupassen. Sofern nicht anders vertraglich vereinbart, werden unsere Produkte direkt vom Werk versendet in der standardisierten La Torre Verpackung. Falls vom Kunden eine andere Verpackung gewünscht wird, muss dies in einer zusätzlichen Vereinbarung festgehalten werden. Der Verkaufspreis richtet sich nach dem gültigen Preis zum Zeitpunkt des Bestelleingangs.

BEZAHLUNG:

Die Rechnungsstellung erfolgt anhand der zuvor vereinbarten Bedingungen. In Fällen von verzögerter oder verweigerter Zahlung ist LT Spa berechtigt, ab dem 1. Tag nach dem vereinbarten Zahlungsziel Zinszahlungen zu erheben. Die Höhe der Zinsen wird nach den rechtlichen Vorgaben bestimmt. Zahlungsverzögerungen berechtigt La Torre Spa jegliche weitere Lieferung einzustellen auch für Bestellungen die bereits freigegeben wurden. Eventuell entstandene Ansprüche berechtigen hingegen nicht zur Einstellung von Zahlungen.

KUNDENDATEN:

Der Kunde ist selbst für die korrekte Übermittlung seiner Kundendaten und Steuerinformationen entsprechend der gesetzlichen Bestimmungen verantwortlich.

ANSPRÜCHE:

Das Risiko während der Versendung der Waren trägt der Käufer. Der Empfänger ist verpflichtet, den Zustand der Ware direkt nach dem Erhalt zu überprüfen. Jegliche Ansprüche auf Grund von Versandverzögerung und Beschädigungen, die auf unsachgemäße Behandlung während des Versands zurückgeführt werden können, müssen umgehend schriftlich dem Transporteur mitgeteilt werden. Unabhängig davon, muss La Torre Spa über jeglichen erhobenen Anspruch, innerhalb von 8 Tagen nach Erhalt des Produkts, schriftlich in Kenntnis gesetzt werden.

Verantwortlichkeiten und Rücksendungen

Rücksendungen müssen vorher mit La Torre besprochen und bestätigt werden. Jegliche Rücksendung erfolgt auf Kosten des Käufers, insofern nichts anderes vereinbart wurde. Sollte sich herausstellen, dass das zurückgesendete Produkt, einen durch La Torre verschuldeten Fehler aufweist, wird das Produkt umgehend ersetzt. Sich aus dem Ersatz ergebende Kosten oder weitere damit verbundene Ansprüche werden nicht erstattet. La Torre Spa kann nicht für Schäden verantwortlich gemacht werden, die sich aus einer unsachgemäßen Installation oder Benutzung der Produkte sowie der fahrlässigen Nichtbeachtung der beiliegenden Installations- und Pflegeanleitungen ergeben. Aus den benannten Umständen hervorgehende Schäden oder Probleme können La Torre Spa nicht zugerechnet werden. Ausschließlich solche Ansprüche sind zulässig, die nachweislich auf Produktionsfehler zurückzuführen sind.

GERICHTSSTAND:

Unsere Verkäufe unterliegen dem Italienischen Recht. Für jegliche Rechtsbehörden ist das Gericht von Verbania (Italien) zuständig.

KATALOGE UND PREISLISTEN:

La Torre Spa hat das Recht, Produkte aus den Katalogen und Preislisten zu entfernen oder zu modifizieren, sofern technische, werbebedingte oder ökonomische Gründe dies verlangen. Technische Zeichnungen und Maße in Katalogen und Preislisten sind als allgemeine Richtwerte anzusehen. Präzise technische Angaben können dem Kunden auf Anfrage übermittelt werden. La Torre Spa ist berechtigt, ihre Produkte in Bezug auf Funktionalität oder Ästhetik jederzeit beliebig zu verändern.

Es ist möglich, dass die im Katalog abgebildeten Produkte nicht immer die neueste Version von dem eigentlichen Produkt zeigen.

I prodotti delle collezioni La Torre sono frutto di costante e continua ricerca e di sviluppo tecnico ed estetico.

È quindi possibile che gli articoli raffigurati nel catalogo non rappresentino sempre la più aggiornata versione del prodotto reale.

Tali variazioni avvengono nel corso della normale attività aziendale e sempre a scopo migliorativo.

Le ambientazioni delle foto sono puramente scenografiche e creative e non valgono come indicazioni di installazione.

The products of the La Torre collections are subject to constant attention and aesthetic and technical ameliorations take place when needed.

It may therefore occur that the real items show some differences from the corresponding picture of the catalogue.

Shooting sets and position of the items in the pictures of the catalogue are in no way intended as a suggestion or guide for the installation, but only as a creative image.
